*Where Design & Print Come to Life*

## UN-6198

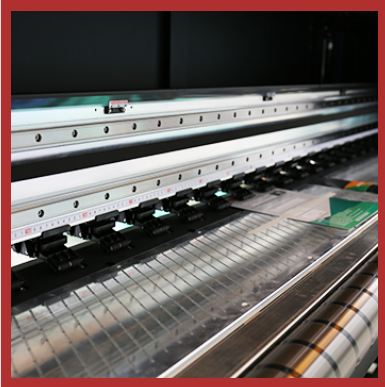

### DIGITAL SUBLIMATION TEXTILE PRINTERS

**Print Speed:**  
**310 m<sup>2</sup>/h**

**8 EPSON  
I3200-A1  
Printheads**

**Superb  
quality,  
remarkable  
pricing.**

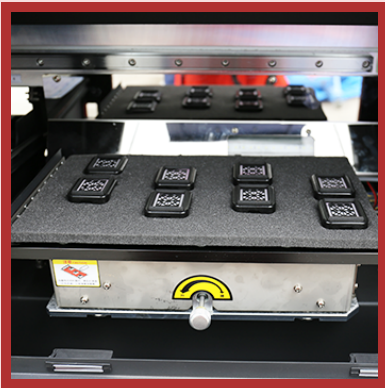

**01.**

**Adopting double THK guide rail, reduce the noise, more longer lifetime.**

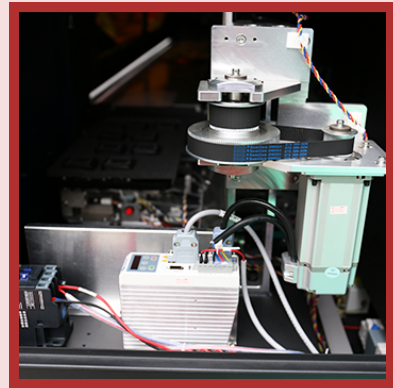

**02.**

**Intelligent pinch roller, which can be controlled separately.**

**03.**

**Unique capping station head sequence design, which can support more faster 1pass printing model.**

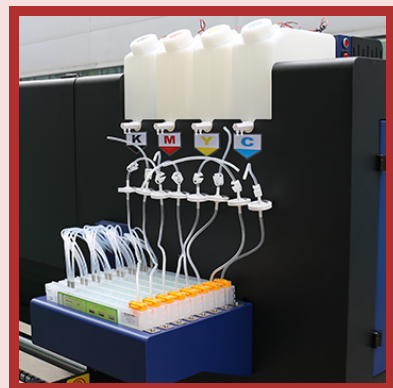

**04.**

**Brand Leadshine industrial servo motor, ensure it's working accuracy.**

**05.**

**Intelligent extra dryer in front and smart extra dryer under the machine which can drying faster printing material well.**

**06.**

**Secondary ink supply with ink alarm system**

## Specifications:

Printhead	I3200-A1
Printhead Quantity	8
Print Width	1900mm
Resolution	360*1200 / 360*1800 / 720*1200 / 720*1800 (DPI)
Printing Speed	1 pass: 310 sqm/h
Ink Type	Sublimation Ink, Water Based Pigment Ink
Operate Environment	Temp.:15°C-30°C, Humidity: 35°C-65°C
Computer System	Windows 7, 8, 10
Package Size	3900*1340*1920mm
Computer Configuration	Hard Disk: NTFS, C Disk Space: More than 100G, HARD Disk:WG500G GPU: ATI Discrete GPU, CPU: Inte I5/I7, Gigabit LAN
Standard Configuration	Ink Level Alarm System
Nozzle Quantity	3200
Ink Color	CMYK
Print Height	2-5mm
Media Transfer	Auto Media Feeding & Taking-up System, Roll-to-Roll
Drying Method	Extra Dryer Device
Ink Supply Method	Siphon Positive Pressure Ink Supply
Head Moisture Method	Auto Head Cleaning and Moisturize
Print Media	Transfer Paper
Transmission Interface	Gigabit LAN
File Forms	TIFF, PDF, EPS, JPS, etc.
RIP Software	NeoStampa, Ergosoft, Onyx, Photoprint, Maintop
Power Supply	210-230V, 50/60Hz, 16A Print Power: 1500W Dryer Power: Max. 9000W
